~~Secondly, Village Panchayats being permitted to organize cattle shows~~

The Deputy Commissioner, Hassan District has reported that the Malnad Improvement Committe ~~being~~ is in favour of the transfer of shandy realisations to the village Panchayets concerned and he recommends that the proposal of the said committee may be approved. The opinion of the District Board has not been received and its receipt may be awaited.

Secondly as regards permitting Panchayets to organize cattle shows. The Deputy Commissioner recommends that the standing orders may be amplified and that it may be made clear that Village Panchayet may organize cattle shows within the limits of the areas ~~are~~ under their control. Under Section 45 (1)(h) of the Mysore District Boards Regn. the holding and management cattle and agricultural shows is an obligatory duty of the District Board and District Boards are organising such shows. Under the Village Panchayet Regulation the organisation of cattle shows is not an obligatory duty of the Panchayets. Nor is the organisation of cattle shows specifically included in the discretionary duties of the Panchayets as defined in Section 21 of the Village Panchayet Regulation. Moreover the discretionary duties are to be exercised subject to such rules as may be prescribed by the Govt.

Taluk Boards be wholly transferred to the New District Boards from the 1st of February 1927. The Government at the time of the transfer of the balances did not impose any conditions as to the utilisation of the Taluk Board balances and legal opinion was to the effect that Government could not impose any conditions after the transfer was effected. In Secretariat letter No.L.264-79/L.B.170-26-12 dated, 16th July 1927, Government requested that the Taluk Board balances may be spent within the respective Taluks and as contributions to Village Panchayets within their Taluks to which the balances related. The request was only as an advise to the District Boards.

2. The Deputy Commissioner of the Hassan District brings to notice that the District Board is not prepared to spare the Taluk Board balances (already transferred) for utilisation by village panchayets except by way of making small contributions for the works which the District Board approved now and then. The Deputy Commissioner reports that he has not heard from the President of the District Board in reply to the Secretariat letter of 16-7-27 and adds that he will address the Government in the matter, if necessary. He requests that in the meantime Government may advise the District Board to transfer the balances of defunct Taluk Boards to the Panchayets and lay down principles for regulating the utilisation of the funds so transferred by the Village Panchayets.

Forwarded, with Compliments, to the Secretary to Government,
General Department. in continuation of My Office Memo No. Nos

Revenue Commissioner

Office of the Deputy Commissioner,
Hassan District,
No. D 579-25-28 Dated Hassan, the 1st February 1928.

Dear Mr. Ramachandra Rao,

With reference to your kind D.O. letter No.295-2 dated the 26th, in the matter of Village Panchayets, I state for the information of the Dewan that from the reports received so far, I see that 212 Village Panchayets have introduced the system of weekly (Monday) labour and the scheme is working fairly well. I have instructed the local officers to persuade the Village Panchayats to popularise it, and I have been personally advising the villagers in this behalf during my tours in the District.

As already observed in my Report read at the District Conference, the Village Panchayets stand greatly in need of financial help and unless the Government stand by them specially in the initial stage, it may not be possible to achieve satisfactory results. As it is, their resources are very limited and Mohatarfa taxes which are their only income may after all be a very small amount in the majority of instances. At the last meeting of the District Malnad Improvement Committee on the 23rd December 1927, it was urged and the Committee agreed that the realisations from the weekly shandies held in the villages, which are now credited to District Board Funds, may be given over to Village Panchayats. I accordingly made a reference to Government through the Revenue Commissioner in the matter in my letter No. C. 821-26 dated 30th December 1927 and am awaiting their orders. At the last District Conference also, this subject was again urged and I trust that it will meet with the approval of Government. Besides this, there is another item of revenue viz., that from Cattle Shows and Jatras, which can be transferred to Village Panchayats. The villagers are eager to hold cattle shows in several places but there appears to be some misconception that

such Jatras can be held only by the District Board and the realisations also utilised by them. I consider that the standing orders of Government require amplification so as to make it clear that such cattle shows within the limits of Village Panchayats can be organised and held by the Village Panchayats concerned, and the realisations credited to their funds.

Apart from these items of revenue, the Government in July last directed that the balances that were at the credit of the defunct Taluk Boards on the 1st February 1927 might be utilised for works within their respective Taluks and as contributions to Village Panchayats within those Taluks. From what I see, the District Boards are not prepared to spare these amounts for utili-sation by Village Panchayats, except making small contribution - for the works they approve now andthen. This does not facilitate rural improvement. It seems to me that in view of the fact that the District Board and Village Panchayats are independent autonomous local bodies, they cannot be tackled on together in matters of finance, and the Village Panchayats must be given their own funds to carry out works at their own discretion. I have not - heard from the President, District Board, in reply to the General Secretary's communication sent to him on the subject, and as soon as I get his reply, I shall address the Government in this behalf if need be. Meanwhile, it would facilitate matters if the Government be pleased to clearly advise the District Boards to transfer these balances of the defunct Taluk Boards and lay down principles regulating the utilisation of these funds by the Village Panchayats

Yours sincerely,

P Kesavalayam

Sir,

With reference to your letter No.L.Dis.14-26/L.B. 147-27, dated 15th June 1927 requiring me to place before the Board, the question of assigning a share of the cattle fairs and shandies in the District to the Panchayets concerned for the consideration of the Board, I have the honour to state that the question was considered by the Board at its meeting held on 29th and 30th October 1927 and the Board passed the resolution of the Standing Committee which read as follows:-

"The Shandies in the District require to be provided with convenient [illegible] sheds, shelters, [illegible] drains etc., in the district board may [illegible] provide a sum [illegible] the current year for the improvement of [illegible] ing requisite conveniences. The villages [illegible] are still in their infancy and it is hoped that they can soon be [illegible] working order. [illegible] in a position to provide facilities for [illegible]. The roads leading to the shandies should be maintained [illegible]. It is not [illegible] the cases of [illegible] and its [illegible] therefore it is neither possible nor desirable [illegible] these revenues to the villages [illegible]"

The question was discussed even at the District Board meeting held in January 1928 under the presidency of Sir [illegible] Hunter and it was resolved under his guidance that the matter remains as they are. It is not desirable to disturb the existing arrangement by transferring the income

to Village Panchayets as roads, wells, stalls etc. have got to be provided and roads leading to Shandies should be well maintained etc., moreover this District Board which has ~~hearing~~ commitments on roads, bridges, Medical institutions, well works, Veterinary Institutions, improvement of shandy grounds etc., cannot afford to be deprived of this item of income at this stage, and on financial and other grounds pertaining to this Board, the proposal is not feasible. I may also add that in deserving cases this District Board has been making contributions for Panchayets off and on.

I have the honor to be,
Sir,
Your most obedient servant,

President,
District Board, Hassan.

ORDER No. L. 5341-58—V. P. 50-27-3, DATED 6TH FEBRUARY 1929.

The Deputy Commissioner, Hassan District, has made the following proposals in regard to the improvement of the finances of Village Panchayets:—

(1) The Village Panchayets may be authorised to organise and hold cattle shows and credit realisations to the Panchayet Funds.

(2) District Boards may be advised to transfer the balances of the defunct Taluk Boards to the Village Panchayets, and definite principles may be laid down for regulating the utilisation by the Village Panchayets of the sums so transferred, and

(3) The realisations from the weekly shandies held in villages which are now credited to District Fund may be given over to the Village Panchayets.

2. As regards the 1st proposal under Section 45 (1) (b) of the Mysore District Boards Regulation, the holding and management of cattle and agricultural shows is an obligatory duty of District Boards and these bodies are organising such shows. Under the Village Panchayet Regulation, the organisation of cattle shows is not an obligatory duty of the Panchayets, nor is it included in the discretionary duties of the Panchayets as defined in Section 21 of the Village Panchayet Regulation. The finances of Village Panchayets are not generally very prosperous and their interest will not generally extend beyond the village or villages under their control. Government therefore consider it inexpedient to entrust this duty to the Village Panchayets

No. L. 5341-58—V. P. 50-27-3. DATED 6TH FEBRUARY 1929.

Regarding the second proposal for the transfer of the balances of the defunc Taluk Boards to Village Panchayets, Government observe that in their order No. 3059-124—L. B. 25-26-14, dated the 23rd November 1926, they have already directed that the balances at the credit of District and Taluk Boards be wholly transferred to the new District Boards with effect from 1st February 1927. They did not impose at the time of transfer any conditions as to the utilisation of the Taluk Board balances. In these circumstances, Government doubt if they can legally impose any conditions at this stage regarding the utilisation of the said balances already transferred to the District Boards. There is nothing however to prevent the District Boards from making such contribution as they may deem fit to make to the resources of the Village Panchayets.

4. As regards the 3rd proposal *re* transfer of the shandy collections to the Village Panchayets, the views of all the District Boards were called for. From the opinions received, it is seen that the District Boards of Kolar and Tumkur are for assigning one-fourth and two-thirds of the shandy collections to Village Panchayets concerned, while those of Mysore, Chitaldrug, Bangalore, Hassan and Kadur are against the proposal. The District Board of Shimoga are of opinion that no change is necessary as regards the existing shandies and that one-fourth of the realisations from the new shandies started by the Panchayets may be assigned to the Panchayets concerned.

5. At the meeting of Officers held at Bangalore on 29th February 1928, it was decided that there could probably be no objection to District Boards giving a share of their income from weekly shandies to the Village Panchayets concerned.

6. After a careful consideration of the matter, Government are of the opinion that while Village Panchayets may well be assigned a share of the shandy realisations, each case may be considered on its merits according to the financial condition of the District Board and the Panchayet concerned.
